This Time

The Whispers

I've known that before it's come and it's gone
For all that it's been, it's never been very long
What always seems to come is goodbyeBut I believe in this love, it's not like before
My journey is done, I've come to the end of the road
'Cause without you there's just nowhere to goAnd this time love won't walk out on me again
This time I know I can win, sure as the stars in the sky
You and IWith each gentle kiss, I'll show you I missed
The warmth of your touch and now it's plain to see
I need the love you're giving to meI won't measure the love I feel inside
For one thing I've learned, it may only last for a while
Or maybe for the rest of our livesAnd this time love won't walk out on me again
This time I know I can win, sure as the stars in the skyAnd this time I really believe that I found
Love at its best and so now
Love is forever this timeNow that you're ready, I'll never again be aloneAnd this time love won't walk out on me again
This time I know I can win
Sure as the stars in the skyAnd this time I really believe in God above
Love at its best and so now don't ever leave me behind
No, not this time, no, not this time
No, not this time, no, not this time
