Little Green Bag

George Baker

YeahLookin' back on the track for a little green back
Got to find just the kind for losin' my mind
Outta sight in the night, outta sight in the day
Lookin' back on the track, gonna do it my wayOutta sight in the night, outta sight in the day
Lookin' back on the track, gonna do it my way
Look backLookin' for some happiness but there is only loneliness to find
Jump to the left, turn to the right
Lookin' up stairs, lookin' behindLookin' for some happiness but there is only loneliness to find
Jump to the left, turn to the right
Lookin' upstairs, lookin' behindYeah
Lookin' back on the track for a little green back
Got to find just the kind for losin' my mind
Outta sight in the night, outta sight in the day
Lookin' back on the track, gonna do it my way
Lookin' back on the track for a little, little green back
Got to find just the kind for losin' my mindAlrightLookin' for some happiness but there is only loneliness to find
Jump to the left, turn to the right
Lookin' upstairs, lookin' behind
