

Fading (feat. GoodLuck)

[DJ Ganyani](#)

I've been standing here for quite some time, love
You've been playing on my mind
And I've been hurting but I try to outcast
Now I'm falling far behind So I ask you
What do you want me to do?
Say it out loud it aint true
Cause I'm broken at the thought of you
So I ask you
What do need me to say?
Even the words fall away
Cause I'm fading into yesterday
Cause I'm fading
Cause I'm fading into yesterday
Cause I'm
Cause I'm fading
Cause I'm fading into yesterday
Every memory of the way, we did love
Only binds me like a slave
And I know that though I'm searching for us
Things will never be the same So I ask you
What do you want me to do?
Say it out loud it aint true
Cause I'm broken at the thought of you
So I ask you
What do need me to say?
Even the words fall away
Cause I'm fading into yesterday
Cause I'm fading
Cause I'm fading into yesterday
Cause I'm
Cause I'm fading
Cause I'm fading into yesterday
You give me that head rush
Cause you were my first crush You give me that
You give me that, that, that What do you want me to do?
Say it out loud it aint true
Cause I'm broken at the thought of you
So I ask you
What do need me to say?

Even the words fall away
Cause I'm fading into yesterday
Cause I'm fading
Cause I'm fading into yesterday
Cause I'm
Cause I'm fading
Cause I'm fading into yesterdayCause I'm
Cause I'm fading
Cause I'm fading into yesterday
