

# Magnet

Lindsay Lohan

I don't know whether I should hate it or should like it  
The way you read through me I'd swear you were a psychic  
And I tried to not reach for the phone  
But something bigger makes me call you  
I don't know what to do, I'm into you  
Is it gravity, chemistry, physically pullin' me?  
What could it be boy?  
'Cause I'm so drawn to you  
Like a fool  
I keep coming back, it's true  
I can't stand it  
You're like a magnet  
You're like a magnet  
I don't know whether I should move on or should move in  
Maybe a part of me is fine with never knowing  
'Cause I try to leave, but that won't work  
'Cause being strong just makes it worse so  
What should I do? I'm torn in two  
Is it gravity, chemistry, physically pullin' me?  
What could it be boy?  
'Cause I'm so drawn to you  
Like a fool  
I keep coming back, it's true  
I can't stand it  
You're like a magnet  
You're like a magnet  
Oh, come a little closer  
'Cause I'm loving you, loving you, loving you  
Oh, come a little closer  
'Cause I'm missing you, missing you, missing you  
Oh, come a little closer  
'Cause I'm loving you, loving you, loving you, loving you, you  
Is it gravity, chemistry, physically pullin' me?  
What could it be boy?  
'Cause I'm so drawn to you  
Like a fool  
I keep coming back, it's true  
I can't stand it  
God is it gravity, chemistry, physically pullin' me?

What could it be boy?  
'Cause I'm so drawn to you  
Like a fool  
I keep coming back, it's true  
I can't stand it  
You're like a magnet  
You're like a magnet  
You're like a magnet  
You're like a magnet  
I keep coming back  
I keep coming back  
I keep coming back  
You're like a magnet
