# That Other Woman

## Changing Faces

I can't be that other woman
I can't be that other womanYou only see me every Friday night at nine
Can't imagine what you told her this time
You never take me to a public place
Worried that somebody might notice your face
Rush to the liquor store and then a motel
Call up your friends to just cover you're trail
Not a word until the week goes by
You call me when you want some pieWhy am I crying every night over you
You're never gonna leave her
Finally I woke up and smell the coffee
I understand
Why two women can't share one manI can't be that other woman
I can't love you down
Can't keep creepin' around
Can't be that other woman
Yes I want you bad
But she needs you much moreI can't be that other woman
I can't love you down
Can't keep creepin' around
Can't be that other woman
Yes I want you bad
But she needs you much moreYou never see me on the holidays
You disappear and won't return my page
You take my body in the middle of night
I ain't gon lie cause boy you do it so right
And then you melt with them same three words
Sweetest seduction that I've ever heard
And in the morning with the sun rise
You run to her I realizeWhy am I crying every night over you
You're never gonna leave her
Finally I woke up and smell the coffee
I understand
Why two women can't share one manI can't be that other woman
I can't love you down
Can't keep creepin' around
Can't be that other woman
Yes I want you bad
But she needs you much moreI can't be that other woman (See)

I can't love you down (What goes around comes around)
Can't keep creepin' around
Can't be that other woman
Yes I want you bad (I want you oh so bad)
But she needs you much more (yeah, yeah, yeah, yeah, yeah)Can I get a witness
(Yes you can)
Can I get a witness
(oh yeah, yeah, yeah, yeah)
Can I get a witness
(You know you can)
Have you ever been in love with another girl's man
Can I get a witness
(Yes you can)
Can I get a witness
(oh yeah, yeah, yeah, yeah)You said you're leaving a thousand times
But I won't believe til the papers are signedCan't be that other woman
I won't believe it no
I gotta be the only one
Yes I want you bad
But she needs you much moreI can't be that other woman
I can't love you down
Can't keep creepin' around (No more late night booty calls)
Can't be that other woman
Yes I want you bad
But she needs you much moreIn the morning with sunrise
You will run to her(Fade in chorus)
