

# Feels Like Falling

## Jump5

Na na na na na na na na na  
When I'm with you I feel a rush  
'Cause I've never liked anyone so much  
Everybody says that it's just a crush  
But I think it's something more  
Sunny skies or cloudy days  
You always seem to make them great  
Letting you know might be a mistake  
But that's what being young is for  
It's not 'cause I'm bored or lonely  
I just wanna be you're one and only  
Na na na na na na na na na  
Feels like falling  
Na na na na na na na na na  
Feels like falling, yeah  
Who knows, this could be the one  
It's way too good to be outdone  
Now I don't really wanna jump the gun  
But I can't help fallin' in  
It's not 'cause I'm bored or lonely  
I just wanna be you're one and only, yeah hey

Na na na na na na na na na  
Feels like falling  
Na na na na na na na na na  
Feels like falling  
Na na na na na na na na na  
Feels like falling  
Na na na na na na na na na  
Feels like falling  
Straight into the everafter  
Of a story's ending chapter  
Or this could be a huge disaster  
If I start falling any faster  
Na na na na na na na na na  
One, two, three, four  
Na na na na na na na na na  
Feels like falling  
Na na na na na na na na na

Feels like falling  
Na na na na na na na na  
Feels like falling  
Na na na
