C.T.A. 102

Year over year receiving you
Signals tell us that you're there
We can hear them loud and clear We just want to let you know
That we're ready for to go
Out into the universe
We don't care who's been there first On a radio telescope
Science tells us that there's hope
Life on other planets might exist (C.T.A. 102)
(Year over year receiving you)
(Signals tell us that you're there)
(We can hear them loud and clear)
