Chip On My Shoulder

Slapshot

Walking around and all I see
Druggies and alkies all around me
Blowing their smoke in my face
Talking to me from outer space
Go to the square and they ask me
To buy for them or smoke some weed
Tell them to fuck off - go away
They say I've got a problem
Yeah, I got a chip on my shoulderChip on my shoulder
Chip on my shoulderChip on my shoulder
Chip on my shoulderChip on my shoulder
Chip on my shoulderHanging around of a Friday night
Shithead always getting into fights
I'm fed up with all of you
But there's nothing I can do
Go to the square and they ask me
To buy for them or smoke some weed
Tell them to fuck off - go away
They say I've got a problem
Yeah, I got a chip on my shoulderChip on my shoulder
Chip on my shoulderChip on my shoulder
Chip on my shoulderChip on my shoulder
Chip on my shoulderChip on my shoulder
Chip on my shoulderWalking around and all I see
Druggies and alkies all around me
Blowing their smoke in my face
Talking to me from outer space
Go to the square and they ask me
To buy for them or smoke some weed
Tell them to fuck off - go away
They say I've got a problem
Yeah, I got a chip on my shoulderChip on my shoulder
Chip on my shoulderChip on my shoulder
Chip on my shoulderChip on my shoulder
Chip on my shoulderChip on my shoulder
Chip on my shoulderKnock it off!
