

Cutthroat

Sepultura

Telling lies right into your face
Grab your soul and make a disgrace
Make you believe you're bigger than life
No one cares if you'll live or die Waiting for the moment to strike
To take possession to take your heart
Turn your part into a farse
Without respect, without regret [Chorus]
Cut-Throat, cut-throat
Cut-Throat
Cut-Throat, cut-throat
Cut-Throat You promise this and promise all
Deep inside nothing at all
In a war of filth and greed
We don't need none of this shit All I say that will survive
We know what's true, we know what's right
We're going through this till the end
And I know you're not my friend [Chorus] Fuck! To give in, no fucking way
To give in, no way So don't tell us it can't be done
Putting down what you don't know
Money isn't our god
Integrity will free our soul Enslavement pathetic
Ignorant corporations [Chorus]
