

Catch Up With The End

The Naked Brothers Band

No time for feelings
Or for love
Worship the man
On the bus stop
Brighten the day
Of a woman on the subway
Catch up with the end
Running like a chicken
Without its head
The universe is doing so
Rocking to bed
A baby that's not yours
Driving the mustang
At full speed
Waiting for the
Same replica day
Catch up with the end
Don't do as I do
Won't you do as I say
I might make people angry
But that's the risk I'll take

Catch up with the end
Catch up with the end
Catch up with the end
Catch up with the end
Swimming in an ocean
Without water
Fell into a sack
Filled with quarters
Fighting the king
Of evolution
Dreaming of an
Imaginary land
Don't do as I do
Won't you do as I say
I might make people angry
But that's a risk I'll take
Catch up with the end

Catch up with the end
Catch up with the end
Catch up with the end
