Intro (G Nut Talks Shit From the Gut)

The Coup

Hey, how you do?
And if you don't already know about my partners
Let me introduce you to the nappy headed crew
The coup, Boots, E Roc and Pam the Funkstress,
Damn these motherfuckas jam
Bumpin' in the ninety-four sho' inside through '95
Riding like so
And if you ain't already know
Act like I told you punk
This is the foundation of funk
But before I let 'em loose
Don't worry, pass me some of that genocide and juice
