The Limousines

Anything could happen as we make our way home from the club
We could both be flattened by a Double Decker city bus
Otherwise a perfect night
If were not dead before it ends
We could live forever
But we'll never be this young again
Don't you worry
Don't think about tomorrow morning
What's your hurry?
Just focus on tonight
Don't you worry
Don't think about tomorrow morning
.....Just focus on tonight
We could fall in love & trade this city for a change in pace
Find our slice of paradise & name our babies hippy names
Maybe we'll both hate each other
Shitty sex in separate beds
We could get restraining orders
Vow to never speak again
Second thought
Lets not say names
I'll just be me & you be you

To perfect strangers
Being sneaky with a flask of booze
No need to think up any clever pick up lines to use
I've got a stack of records
You just bring your dancing shoes...
Cause tonight
I'll drop the needle
Pop a bottle
Sit back
And just watch you dance
Tonight
I'll drop the needle
Pop a bottle
Sit back
And just watch you
Don't you worry

Don't think about tomorrow morning
What's your hurry?
Just focus on tonight
Don't you worry
Don't think about tomorrow morning
.....Just focus on tonight
