Days to Remember

Cloud Cult

If I could change a single memory,
I'd call in sick and spend time with you.
Cuz these are the days to remember.
These are the days to remember.Turn off the phone and throw away the clock,
and the endless things you think you have to do.
The water's warm and the sun is shining,
and I just wanna spend some time with you.If I had a life recorder
that could save the best things I live through.
I would play this over and over,
Yes, I would play this over and over.
If I had a magic boat
that could take me wherever I want it to.
I would sail the whole world over,
but only if it brings me back to you.
If I could change a single memory,
I'd call in sick and spend time with you.
Cuz these are the days to remember.
These are the days to remember.
