

The Meaning of Betrayal

Goliath

Now I know the true meaning of the word betrayal

Its so hard to think that I once called you my friend

What was going through your head when you turned your back and walked away

I never did a single thing but be there when you needed a hand

I refuse to live life another passer by

Another person that won't stand up for whats right

I refuse to let you destroy everything that I love.

You were such a fool to think that we would forget

Your dishonesty and deception will be the end of you

Your a fake disguise with false conflictions

Another lier another cheat

You only worry about your self and what others can do for you

Your such a forgery you make a mockery of everything you wish to be

WHAT HAPPENED TO FRIENDSHIP WHAT HAPPENED TO BROTHERHOOD

And now I know what its like to be betrayed by someone like you

Trying to fit the mold of perfection that you created in your mind

You'll live to tell a tale of how you lost it all

And how you lost yourself

In a sea of your own lies Ill watch you drown

How do you breath how do you stand on your own two feet

Ill be waiting for the day that you see clear once again
So you can learn to be honest with yourself and everyone else
Force feed the lies of a living disaster
Trying to become what others like
You can't decide who you want to be anymore

TURN YOUR BACK

And now you want a fucking answer
Why I left you to rot in your own filth
I won't sacrifice myself this time.
