Never Again

Smile Empty Soul

I need to give up all my hate
'Cause it only seems to every do
Is put me deeper in the grave
I always bottle up my rage
But I need to let it out
'Cause all it does is put me in a cageAnd I don't know how this world can be so cold
It hurts me, no one really care that you're alone
And I don't know why I always seem to let it get the best of me
But I'm never gonna let it beat me down again
No, I'm never gonna let it beat me down againLately I've been so stressed out
'Til I couldn't even breathe
And now I'm shaking on the ground
Inside of me is a dark cloud
And it needs to be released
So I can change what I'm aboutAnd I don't know how this world can be so cold
It hurts me, no one really care that you're alone
And I don't know why I always seem to let it get the best of me
But I'm never gonna let it beat me down again
Never gonna let it beat me down againCan you see that I really wanna change?
Can you see that I've opened up my cage?
Can you see that now I'm not afraid?
Can you see that?And I don't know how this world can be so cold
It hurts me, no one really care that you're alone
And I don't know why I always seem to let it get the best of me
But I'm never gonna let it beat me down again
Never gonna let it beat me down againNever gonna let it beat me down again
Never gonna let it beat me down again
