It's Our World

George Duke

Givin' it up is what we must do
Everyone on the line, no other way to choose
The whole world is in our hands
We can make a better place it's in the
Master's plan
We can do it if we try
And if others ask you why sayIt's our world
Far too many just don't care, a living negative
It's our world
Andf we know right and wrong
But far too many close their eyes and hide
their fears at home
It's our world
And we must keep our love alive
We've done so much and come so far
But yet we still can't get along and don't
know who we are
War and pain, I read somewhere
Said they will always be with us until He comes again
Does that mean we shouldn't try
Should I just lay on down and dieOur world
Only world
It's our world, it's a gift(Celebrate life) we can find a better way
We can change it (rearrange it)
And there's really nothing else to say
It's our world, just keep it goin', do it
It's our world, we better try, honey
It's our world, just show your love
It's our world, don't let it get you down
Keep it goin', just keep it goin', do it
It's our world, we can do it
To be, to be, honey
It's our world, take care
