Here We Go

Us5

[Richie:]You got style
High class from clothes to smile
But I ain't here on trial
I'll make it worth your while
[Mikel:]No crime
To state what's on your mind
See I ain't got the time
To play these games al night
[All:]I like the way you move
Can't get enough of you
You put me in the mood
[Chorus:]Here we go
Every guy grab a hottie
Whey oh
'coz we gonna get rowdy
Uh oh
Raise your glass everybody
Sip it up and taste it here we go
And if you know that you want it
Go ahead and put your hands on it
Won't know how it feels till u done it
Sip it up and it here we go

[Jay:]I- am not the kind of guy
Who's just standing by
I'm in it for the ride
[Chris:]No use
In tryin' to play it cool
Wehn all you wanna do
Is be with me tonight
[All:]I like the way you move
Can't take my eyes off you
I know what we could do
[Chorus]I'll make u bounce
Keep you up all night
Let's get a little out of line
Keep it poppin' till we out of time
(here we go let's roll)
I'll make you bounce

Keep you up all night
Let's get a little out of line
Keep it poppin' till we out of time
(let's roll)
[Chorus 2x..till end]
