Instruction

You fuckin' piece of shitSteal me take me I am more than this
'Cause I'm feeling terrified it's obvious
So I look into your eyes and all I seeBreakdown coming on to me, breakdown coming on to me
As I wonder just how you want me to be
Breakdown coming on to me, breakdown coming on to me
As I wonder just how you want me to beSee me lost and gone it's obvious
As I see you scarred at your self confidenceAs I look into you're eyes you know
I'm to far gone to recognize the weaknessBreakdown coming on to me, breakdown coming on to me
As I wonder just how you want me to be
Breakdown coming on to me, breakdown coming on to me
As I wonder just how you want me to beBring it on again yeah yeah
I don't know how you asking me to be
Bring it on again yeah yeah
Bring it on againBreakdown coming on to me, breakdown coming on to me
As I wonder just how you want me to be
Breakdown coming on to me, breakdown coming on to me
As I wonder just how you want meAs I wonder just how you want me
Bring it on again
