Firefly

Common Children

Tripped on a wire, ask me, tell me how I'm feeling
Stranded by the light of the evening
Watching the flies surrounded by fire inside this season
Blinded by the light of the eveningCatch the clock and cut the hands of time
(Welcome to my life)
Seek the space to stop and soothe my troubled mind
(Fireflies float into my skies)Uninspired and feeling life is leaving too soon
Under the light of the moon
Under the lights of JuneHung on a wire, save me, show me all I'm thinking
Strangled by the logic of treason
I don't mind lying in this field without a reason
I'm still blinded by the light of the eveningCatch the clock and cut the hands of time
(Welcome to my world)
Seek the space to stop and soothe my troubled mind
(Fireflies float into my soul)Uninspired and feeling life is leaving too soon
Under the light of the moon
Under the lights of JuneI climb to the top of my soul again
I look at the world and it's new again
Is this all a dream I'm living in?
Under the lights of JuneCatch the clock and cut the hands of time
(Welcome to my life)
Seek the space to stop and soothe my troubled mind
(Fireflies float into my skies)Uninspired and feeling life is leaving too soon
(Fireflies float into my soul)
So feel the shock, set free the hands of timeUnder the light of the moon
Under the lights of June
Under the light of the moon
Under the light of the moon
Under the lights of June
