

# Wheel

## Kealer

People have the right to fly  
And will when it gets compromised  
Their hearts say "Move along"  
Their minds say "Gotcha heart"

Let's move it along

Let's move it along

And airports

See it all the time

Where someone's last goodbye  
Blends in with someone's sigh  
'Cause someone's coming home

In hand a single rose

And that's the way this wheel keeps working now  
That's the way this wheel keeps working now

And I won't be the last

No I won't be the last,

To love her

You can't build a house of leaves  
And live like it's an evergreen  
It's just a season thing

It's just this thing that seasons do

And that's the way this wheel keeps working now  
That's the way this wheel keeps working now

And you won't be the first

No you won't be the first

To love me

You can find me, if you ever want again

I'll be around the bend

I'll be around the bend

I'll be around,

I'll be around

And if you never stop when you wave goodbye

You just might find if you give it time

You will wave hello again

You just might wave hello again

And that's the way this wheel keeps working now

That's the way this wheel keeps working now

You can't love too much, one part of it

You can't love too much, one part of it  
You can't love too much, one part of it  
You can't love too much, one part of it  
I believe (You can't love too much, one part of it)  
That my life's gonna see (You can't love too much, one part of it)  
The love I give (You can't love too much, one part of it)  
Return to me (You can't love too much, one part of it)  
I believe (You can't love too much, one part of it)  
That my life's gonna see (You can't love too much, one part of it)  
The love I give, return to me  
I believe, that my life's gonna see  
The love I give  
Return to me
