Advisory - the following lyrics contain explicit language:

I've been living in the shadows all my life
Afraid to give my heart away
Now I'm living in the light of your sunshine
I'm ready to go all the wayI hear the rain and thunder (Yo, what's up?)
Coming out up ahead (Right, right)
Typically this is where I run
But I stay in your arms insteadI'm never gonna let you go
I'm never gonna let you go
I'm never gonna let you go
I'm never gonna let you goI've been searching for that dream girl all my life
Not looking in reality
Now she got me and I can't get her off my mind
I want this 'til the end of timeI see a flash of lightning (Yeah, man)
Coming in from above
Even though we're better apart
I stay right here in your armsI'll never let you go
Even if tomorrow holds things that we just can't work out
I'll never let you go
Even though you already know without you I'm falling apartI hear the rain and thunder
Coming up ahead
Typically I'd run like hell
But I stay in your arms instead(Ohh)Oh girl, I could never live without you
Believe me, you're just that cool
Oh baby, I could never face tomorrow
With anyone else but youI'm never gonna let you go
I'm never gonna let you go
I'm never gonna let you go
I'm never gonna let you goI'm never gonna let you go
I'm never gonna let you go
I'm never gonna let you go
I'm never gonna let you goI'm never gonna let you go
I'm never gonna let you go

I'm never gonna let you go
I'm never gonna let you goI'm never gonna let you go
I'm never gonna let you go
I'm never gonna let you go
I'm never gonna let you goI'm never gonna let you go
I'm never gonna let you go
I'm never gonna let you go
