All I Wanna Do

Heidi Newfield

Lay your gentle hands
Softly on my skin
Baby, make sweet love to me
Don't let this moment end
I wanna taste your kiss
Hear you whisper in my ear
Help me make this feelin'
Last a thousand years
I wanna get so lost
In your eyes I'll fall into
Don't you know that lovin' you
Is all I wanna do?
Turn the lights down low
And I'll pour the wine
I'll surrender to you
Just take this heart of mine

Take me to a place
I've never been before
Won't you lay me slowly down?
I couldn't want you more
I wanna get so lost
In your eyes I'll fall into
Don't you know that lovin' you
Is all I wanna do
I wanna get so lost
In your eyes I'll fall into
Don't you know that lovin' you
Is all I wanna do?
And forever lovin' you
Is all I wanna do
