

Searchin' for a Rainbow

The Marshall Tucker Band

I rode in to town today
In my heart I said, "Lord, I'd love to stay"
But somethin' in me said, "Boy move along"
Don't know what it is the good Lord bred it in my bones And I'm searchin' for a rainbow
And if the wind never showed me where to go
You'll be waitin' at the end, and I'll know
I'll say, "To Hell with that pot of gold"
I'll say, "To Hell with that pot of gold" This mare I'm ridin', yeah, she's gettin' kind of tired
But in my heart she knows my one desire
She's gonna take me to the end of that road
She lay down and die, I'll say, "God rest here soul" And I'm searchin' for a rainbow
And if the wind never showed me where to go
You'll be waitin' at the end, and I'll know
I'll say, "To Hell with that pot of gold"
I'll say, "To Hell with that pot of gold" And I'm searchin' for a rainbow
And if the wind never showed me where to go
You'll be waitin' at the end, and I'll know
I'll say, "To Hell with that pot of gold"
I'll say, "To Hell with that pot of gold" And I'm searchin' for a rainbow
And if the wind never showed me where to go
You'll be waitin' at the end, and I'll know
I'll say, "To Hell with that pot of gold"
I'll say, "To Hell with that pot of gold"
