

Thinking of You

The Maine

Went outside and saw the moon
And it made me think of you
Then the rain it came and came
There you were inside my brain I've been thinking of you
I've been thinking of you Driving in my car
(I heard the radio)
Play that Dylan song
("The times they are-changin' ")
But you still haven't changed your mind
So I sat and sang along I've been thinking of you
I've been thinking of you
I've been thinking of you
I've been thinking of you Cause your in my head
And I can't take it
I need you by my side
So i'll take the 10
And I'll drive 'till dawn
To show you I'm the one Went outside and saw the moon
And it made me think of you I've been thinking of you
