Hypocrite

Flotsam and Jetsam

You tell me I'm the devil
Then scratch my flesh with your horns
You tell me do what I say
Don't do what I've doneI can see the way you act and
I can see the way you lie
I can see the truth right through you
Open up your mouth and flyYou say you are better than me
You say you are all supreme
You can't tell the truth in spite of you
And every little step a dreamHypocriteVery thing I do you tell me
Every thing I do is wrong
Lecture all about the evils
Go until I write this songMake a pile your opinions
Make an observation law
Don't hold back and tell me what you
Hear and feel and spoke and sawHypocriteDon't know what to do
Don't know where to go
But I know what your gonna say
Take a stab at all my dreams and visions
Lash out, maybe guilt will wash away
