

# Of Course Howard (1979)

## Magazine

So do I hear you say...  
"Yes, Howard, of course"? I demand special consideration as the most human  
Now that's not much to ask, is it?  
But it makes me feel like a force for evil No decadence, no cheap thrills of hate from me  
(No decadence, no cheap thrills of hate from me)  
No decadence, no cheap thrills of hate from me  
(No decadence, no cheap thrills of hate from me) And the best of luck to them "Yes, Howard" (Yes Howard, yes  
Howard) I love a simple solution  
Along with the rest of them  
The pin drops  
And nails the heart So do I hear you say...  
"Yes, Howard, of course"? I masterminded a thousand details  
Loyal to my obsessions  
And if you lose me, that's your loss and mine  
And I'm sorry  
And that's a mark of my respect "Yes, Howard, of course"  
"Yes, Howard, of course"  
"Yes, Howard, of course"
