

Heaven

Cheryl Cole

My heaven's with you
My heaven's with you
My heaven's with you, girl
My heaven's with you I gotta die for me to get to heaven
I get a glimpse of heaven every time I feel your lovin'
And you know I ain't lying when I say I love you
I hope you know, I hope you know, I hope you know My heaven's with you, you, you
My heaven's with you, you, you
My heaven's with you, you, you
My heaven's with you, you, you Looking at your photograph
Thinking how you make me laugh
You put a sparkle in my eyes
And give me crazy butterflies My body lingers with your smile
Thinking that I just might've fell
I miss you, baby, can you see me?
'Cause it feels like hell And when you're not around
I need a, I need a, I need you
And when I'm feelin' down
I want you, I want you, I want you I gotta die for me to get to heaven
I get a glimpse of heaven every time I feel your lovin'
You know I ain't lyin' when I say I love you
I hope you know, I hope you know, I hope you know My heaven's with you, you, you
My heaven's with you, you, you
My heaven's with you, you, you
My heaven's with you, you, you I read your texts, that made me smile
But I ain't haven't for awhile
I know you're sleeping this time zone
But I'm still staring at my phone And you're always there for me
I even see you in my dreams
My sacrifice, my paradise
My happy ending to the least Everyday and every night
I'm wanting, I'm wanting, I want you
And until the end of time
I'll love you, I'll love you, I'll love you I gotta die for me to get to heaven
I get a glimpse of heaven every time I feel your lovin'
And you know I ain't lying when I say I love you
I hope you know, I hope you know, I hope you know My heaven's with you, you, you
My heaven's with you, you, you
My heaven's with you, you, you

My heaven's with you, you, youMy heaven's with you
My heaven's with you
My heaven's with you
My heaven's with youMy heaven's with you, girl
My heaven's with you
My heaven's with you
My heaven's with you
My heaven's with youYeah girl, that's true
When I'm feeling all blue, I just think about you
Got me feeling yellow, the opposite of mellow
Girl, when you say hello, I feel brand newBaby, don't worry about it, girl
Here's the keys to my world, it's all my love
Got me so excited, make me hot love
Baby, don't divide it, give me alla alla youI want all of your love, here's all of my love
I want all of your love, here's all my love
I want all your love, take all of my loveMy heaven's with you
My heaven's with you
My heaven's with you, girl
My heaven's with you, boyMy heaven's with you, you, you
My heaven's with you, you, you
My heaven's with you, you, you
My heaven's with you, you, you
