Face: Face

Norma Jean

Leech, leech with two daughters
Give, give they cry
Her name is, she is a liar
I refuse to be hers, a liar
A kiss from her is one of the grave
Of the graveBullets by her mouthful an enemy at the six
Bullets by her mouthful an enemy at the sixShe simply will not die
She simply will not die
She simply will not die
She simply will not die
She simply will not die
She simply will not die
She simply will not dieShe will not die
She won't die
She won't die
She won't die
She will not dieLeech with two daughters
Give, give they cry
Her name is, she is a liar
I refuse
I, I refuse, refuse
