

# I Throw My Hands Up

Pixie Lott

I throw my hands up  
Guessing so in tears  
I keep dancing baby  
I am going crazy without you you you  
I make my mind up  
And then go my fears  
You cannot forever I'll take whatever without you you you It's not what living I think I will miss you at best  
when you are not here  
I want to kiss all of you  
And I remember every little thing about it and I would  
Keep holding you I throw my hands up  
Guessing so in tears  
I keep dancing baby  
I am going crazy without you you you  
I make my mind up  
And then go my fears  
You cannot forever I'll take whatever without you you you It's not what living I will enjoy the time that we've  
had  
And you move on and after the rain I'll break down  
But I'll get up I'll keep up  
Cause like the sun [?] around I throw my hands up  
Guessing so in tears  
I keep dancing baby  
I am going crazy without you you you  
I make my mind up  
And then go my fears  
You cannot forever I'll take whatever without you you you It's not what living  
guess I am gonna [?] for what you've got  
Without you yes I am a [?] for what you have got I throw my hands up  
Guessing so in tears  
I keep dancing baby  
I am going crazy without you you you  
I make my mind up  
And then go my fears  
You cannot forever I'll take whatever without you you you It's not what living [x3]
