New State Of Mind

Yes

Waiting for the moment when the moment
Has been waiting all the time
Staring at the golden heights wondering
Are you ready for the climb?Are you ready for this?
Are you ready for that?
Are you ready for this? Focus your eyes
Will you take the chance?Well, you've got the chance
A new perspective, a new state of mind
Always on the edge of what could be
The greatest moment in this life?
Watching as the theme builds leftOnly to wonder in delight
You gotta let it go
You gotta let it go
Wanting to feel
Just what it means to be freeThere's no reason for deceiving
Focus your eyes
A new perspective, a new state of mindSometimes you feel you want to run away from it all
Sometimes you hear the voices of the past come to call
But there's no giving up when you are giving it all
Hoping, forgiving and loving the qualities of life
Designing the future, we're building the dreams taking flightAre you ready for love?
Are you ready for love?
Are you ready for love?
A new state of mindWaiting for the moment when the moment
Has been waiting all the time
Reaching for the golden heights
Without a doubt you're ready for the climbYou've gotta set it out
You gotta tear it out, no escaping
What you've got on your mind
There's a reason for your being, focus your eyes
A new perspective, a new state of mind
