

Shame On You

Willie Nelson & Family

My friends they wash the windows
And they shine in the sun
They tell me wake up early in the morning sometime
See what a beautiful job weve doneI say lets put on some tunes
Sing a long and dolittle all day
Go down to the riverside take off our shoes
And wash these sins awayAnd the river said
La la la it said shame on you
And the river said
La la la it said shame on youI go down to chicano city park
Cause it makes me feel so fine
And when the weeds go down you can see up close
In the dead of the winter time
But when the summer comes everythings in bloom
And you wouldnt know its there
And the white folks like to pretend its not
But their musics in the airAnd you can hear em singing
La la la they said shame on you
You can feel em dancing
La la la they said shame on youMy friend tanner she says you know
Me and jesus were of the same heart
The only thing that keeps us distant
Is that I keep fuckin upI said come on down to chicano city park
And wash your blues away
The beautiful ladies walk right by
You know I never know what to say
And theyll be singing
Oo la la la la la la la shame on you
And theyll be dancing
Ooo la la la they said shame on youLets go road block trippin in the middle of the night
Up in gainesville town
Therell be blue lights flashin down the long dirt road
When they ask me to step outThey say weve been looking for illegal immigrants
Can we check your car
I say you know its funny
I think we were on the same boat back in 1694And I said
Oo la la la la la la la shame on you
Theyll be dancing
La la la I said shame on you

I said
Oo la la la la la la la la la shame on you
Shame on you la la
La la la la la shame on you
I said
I said
La la la shame on you
Ill be dancing
And theyll be singing
La la la I said shame on you Road block trippin in the middle of the night
Gainesville town
Blue lights flashin down the long dirt road
