

# Suicidal Maniac

## Suicidal Tendencies

He's back, maniac A birth that came from more than sound  
Now rages on from town to town  
A giant grows more everyday  
And now the maniac is here to stay A feeling you can't kill  
It's a power, it's a will  
Controls your thoughts  
But you can't see Just when you thought it safe he suddenly appears  
He feels no pain, he has no mercy or no fears  
He gives the message and your mind is filled with blue  
And now the maniac lives inside of you He's back  
The suicidal maniac Each day he grows more and more  
He's bigger now than ever before  
His thoughts he'll compromise on never  
He can't be stopped, he'll live forever Blast away through the mind  
A power of another kind  
A presence that is growing  
Out of sound And now it's come, the time, the maniac I'll meet  
He takes my hand and now I bow down to his feet  
His love for me is like a father to a son  
And now the maniac and I are one I bow to his might  
Too powerful to fight  
Well, it's my destiny  
Now the maniac lives inside of me He's back  
The suicidal maniac An army at his command  
A strength that you can't comprehend  
A force unknown can now be told  
The power of the world he holds A feeling you can't kill  
It's a power, it's a will  
Controls your thoughts  
But you can't see Just when you thought it safe he suddenly appears  
He feels no pain, he has no mercy or no fears  
He gives the message and your mind is filled with blue  
And now the maniac's a part of you And the time has come, the maniac you'll meet  
He takes your hand and now you bow down to his feet  
His love for you is like a father to a son  
And now the maniac and you are one He's back, we're one  
The suicidal maniac  
He's back  
The suicidal maniac

He's back
