

Incendiary Lover

Christian Death

It starts with a wink
And ends in disgrace
A question of silence I'm told
But love is clean
Or so I'm told Incendiary lover
Enter the threshold of time
They said that he was dirty, dirty
Incendiary lover
Enter the threshold of time They said that he was dirty, dirty
Incendiary lover
She undulates beneath him
Miasma, seduction
Slow and innocent corruption Transgressing all frontiers
Far beyond bordellos
Incendiary lover
Lost in the threshold of time They said that he was dirty, dirty
Incendiary lover
Lost in the threshold of time
They said that he was dirty, dirty Incendiary lover
Incendiary lover
Falls from the threshold of time
They said that he was dirty, dirty
Incendiary lover Falls from the threshold of time
They said that he was dirty, dirty
Incendiary lover
