Losing My Heart Over You

April

You know it always felt so right
Holding you throughout the night
I thought you'd always care
I know that feelings change
And now you've thrown away
The love that we once shared
They said it would be so easy
They told me how I'd find someone new
Don't you think you'll ever need me, like I need youChorus:
I'm losing, losing my heart over you
Repeat (1x)I know you never had the time
To know this heart of mine
I need to feel your love
And now it always seems
Day and night I have these dreams
It's you i'm thinking of
I know it sounds so foolish
Here I am with a broken heart
Oh, why, can't I be with someone like youChorus (2x)I know it sounds so foolish
Here I am with a broken heart
Oh, why, can't I be with someone like youChorus (3x)
