

Act of Contrition

[Methyl Ethel](#)

? I am on a start
But if I lie I know things come in
Well the first time I wasn't
Go on again
you'll never see it end
But can not be afraid of it Don't hide from yourself
And don't be anyone else
You know it's gonna be a lot better
When it comes to it anyway
I've been thinking about it so much more
Than I normally would
And I want you to know
That it is all black
I? up a stick on my arm
and it broke
into a thousand pieces
I picked one from the tree
and it was clear
