# Soundwave

## Trevor Guthrie

Come around, come around
Let the wall of thunder
Be a spark in the dark
A tidal wave of dancing light
Fill it up now
Waiting for the drop is the wonder
Oh what a sound
Reigning down all around
Youâ€™re a beautiful sound

Caught in a soundwave
No slowing down, saying no no
Into the sun rays
No cooling down, saying no
Lets just keep going
Oh woah, oh woah, ohh
Oh woah, oh woah
Let's just keep going

No coming down, coming down
Keep the elevation
Say it loud to the crowd
Iâ€™ll fire birds into the night
Turn it up now
Sending only good vibrations
A whole wall of sound
Crashing down all around
What a beautiful life

Caught in a soundwave
No slowing down, saying no no
Into the sun rays
No cooling down, saying no
Lets just keep going
Oh woah, oh woah, ohh
Oh woah, oh woah
Let's just keep going
