Pigs In Blue

Toxic Lab Rats

You bomb my city, you bomb my city
Is that the best you can do
You act so shitty, you act so shitty
What the hell did you put us through

You bomb my city, you bomb my city
Is that the best you can do?
You act so shitty, you act so shitty
What the hell did you put us through
Downtown in a soaked shirt
All around people dying and some are hurt
Car bombs, pipe bombs, Molotovs in the air

Gearing up with shields, pulling up the laces
Ready to smash our faces

Riot, riot, riot, riot, riot, riot, riot, riot
Cops on duty acting like the pigs they are

You brought the terror you brought the chaos
What the hell are you putting us through
Another day, another sorrow
Is that the best you can do
Downtown in a soaked shirt
People are dying and some are hurt
Riot, riot
Look what you made us do

Gearing up with shields, pulling up the laces
Ready to smash our faces

Riot, riot, riot, riot, riot, riot, riot, riot
Cops on duty acting like the pigs they are
Riot, riot, riot, riot, riot, riot, riot, riot
To protect and serve, you pigs are getting on my nerves
