

Suzie

Junie Morrison

 Hello, my name is Suzie
and I dream for a better, better glory
 god bless you and I bless you
 I'm angry why don't you squeeze me
 the stage is my home and I guess when I roam
 things could get out of my head
 god bless you and I leave you
 when the weather is hotSucker, yeah !Hello, my name is Suzie
 don't spit on that floor like a loony
I'll bite you, so don't bite meI'm angry why don't you squeeze me
 the pain is my home and I guess when I roam
 things blow away my thoughts
 god bless you and I catch you
 when the weather is hotSucker, yeah !Hello, it's still Suzie
 ready to play what you like
 ready to say what you don't say
 immediately to do sports
 suffering a new holocaust
 don't hit me, you will miss me
when the weather is hotSucker, yeah !Slide and winged all the memories
 sing with me this little irony
You won't escapes from this reality
 let us do such a sport activity
 my time's too short
 I missed the mark and
 I can't remember why
