Jingle Bells

Shedaisy

Dashing through the snow in a one horse open sleigh
Over the fields we go
(Ah ah)
Laughing all the way
(Ah ah)
Bells are bound to ring making spirit's bright
(Spirit's bright)
Oh, what fun it is to ride and sing
Sing a sleighing song tonight
Jingle bells, jingle bells
Jingle all the way
Jingle bells, jingle bells
Come and ride with me in that open sleigh
A day or two ago
(A day or two ago)
I thought I'd take a ride
(I thought I'd take a ride)
I can't think of a better way to spend the day
Then with you by my, you right by my side
Jingle bells, jingle bells
Jingle all the way
Jingle bells, jingle bells
Come and ride with me in that open sleigh
(Yeah, yeah, yeah, yeah)
It's you, it's me, the moon, the trees
(The moon and the trees, let's glide through the snow)
With nowhere to go
Jingle Bells, jingle all the way
Jingle bells, jingle bells
Jingle all the way
(Come and ride with me, come out and ride with me)
Jingle bells, jingle bells
Come outside with me, come and ride with me
In that open sleigh
Open sleigh
