

Legendary (feat. Movado)

Chinx

Ohh, way

Woah

(La Musica de Harry Fraud)

I'm legendary

And nigga when I'm gone you're gonna see my name in bronze

I'm legendary

And tomorrow will come and you'll see me through the sun

I'm legendary, I'm visionary

So many brothers wanna see me buried

I'm legendary, I'm visionary

Legendary, legendary

I'm on these niggas like a cheap suit

Harry Fraud gon' hold me down as soon as that beat loop

What's that talk bout?

Don't know what that walk bout

Bitches on my tip when I step in and when I walk out

I'm cold blooded

My stones flooded, my temperature drop

I take these lil niggas to school, just listen and watch

This that Coke-coke Boys music, you can use it

In your nose and in your veins

Fuck it we done killed the game

It's Chinx Drugz, you're a half a man

Flyer than all our dogs, El Capitan

I do hit how I'm 'posed, raise a toast

Pull these niggas by their coats, it's that riot with that coke

I'm legendary

And nigga when I'm gone you're gonna see my name in bronze

I'm legendary

And tomorrow will come and you'll see me through the sun

I'm legendary, I'm visionary

So many brothers wanna see me buried

I'm legendary, I'm visionary

Legendary, legendary

All my diamonds flashin', go and grab a flick

Roll up and your bitch gone, magic trick

All the bitches staring, I'm talking 100 chains
Bitch I'm legendary, I'm talking hall of fame
Junior High to the league, rookie of the year
Hardwood floors every time I grab a chair
I ain't stingy, Montana got racks to share
Crocodile hoodie baby, let them stare
Bitch I'm back to balling, all my whips is foreign
I'm talking A-Team, no license, no insurance
No I'm ridin' clean, little cash fresh off tourin'
You know we bout that life, you niggas tellin' stories

I'm legendary
And nigga when I'm gone you're gonna see my name in bronze
I'm legendary
And tomorrow will come and you'll see me through the sun

Evil lurks in the dark, stick by yourself
I fight to death, this world know me as a fighter jet
Ball king, dive in with my (?)
Bout to feel five for real, never swept
21 gun salute for the soldier
For my fallen soldier
21 gun salute for the soldier
For my fallen soldier

I'm legendary
And nigga when I'm gone you're gonna see my name in bronze
I'm legendary
And tomorrow will come and you'll see me through the sun
I'm legendary, I'm visionary
So many brothers wanna see me buried
I'm legendary, I'm visionary
Legendary, legendary
