

Envelope

Unwound

she won't miss you if you let her.

she won't miss you if you let her.

she won't miss you if you let her.

she won't miss you if you let her.

i'm not scared to stay inside a sealed envelope

envelope envelope envelope

i don't know why i live inside a goddamn envelope

envelope envelope envelope

she won't miss you if you let her.

she won't miss you if you let her.

she won't miss you if you let her.

she won't miss you if you let her.

i'm not scared to stay inside a sealed envelope

envelope envelope envelope

i don't know why i live inside a goddamn envelope

envelope envelope envelope

i'll shed no tears for the wasted year i spend waiting here,

don't know what i'll do when you leave and don't see you for a year.
