17 Crimes

Afi

If you had a day,
would you give me a moment?
Would you allow our play
to leave no bone unbroken?

Let's love, like 17
I'm in love with poisoning.
Only bring your pretty, frightful gifts to me.
Let's love, and kill like 17 now.

If I weren't so cold
we could unfreeze this moment
And as the world grows old,
We'll leave no heart unbroken

Let's love, like 17
I'm in love with poisoning.
Only bring your pretty, frightful gifts to me
Let's love, and kill like 17 now.

Tomorrow cannot be like this.
And even though it's such a simple world,
tomorrow cannot be like this.
Tomorrow they will take a stand.
We'll leave no heart unbroken

Let's love, like 17
I'm in love with poisoning.
Only bring your pretty, frightful gifts to me
Let's love, and kill like 17 now.

Let's love, like 17
I'm in love with your new screams
Only bring those pretty, frightful things to me.
Let's love, and kill like 17 now.
Let's run, and kill like 17 now.
Let's love, and kill like 17.
