

# Irrelevant Thoughts

## Blindside

When I'm feeling low I consult my friends  
When I get depressed, contemplate the end  
When I don't know right, I see the light  
When I see the light, it's far too bright  
the light is too bright  
far too bright for me to find my way back

Back to you...Someday  
To see the light reflecting on your face  
to feel the warmth of a friend's embrace  
I will get back to you...  
Someday
