

Crazy

Remy Ma

[Hook]Crazy (Crazy)

Some times I'm crazy baby

Crazy (Crazy)

Ooh ooh

[Verse 1]It's crazy

I be thinkin people tryna play me

Latly I know I be flippin on a daily basis

I hate waitin, I'm impatient

Bitch don't ask me why I gotta nice grill

This is just how my face is

I piss, in public places

Slightly racist, right now I'm robbing a theif and I'm fuckin a rapist

I married an imagrant to get him his papers

Niggaz don't wanna give me the mic 'cause they afraid I'mma say shit

And that's right I'mma say shit

Right in they faces

This is Remy straight on the rocks wit nothin but chase it

I'mma new breed of female

Far from the basic

And if you still can't see that then you need to get lasik

I'mma make a statement: I'm the replacement

I'm so close to the top I can almost taste it

So ill, so real so far from fakers

Rem to Fred wit the strip pole in the basement

Now that's crazy

[Hook]Crazy (Crazy)

Some times I'm crazy baby

Crazy (Crazy)

Ooh ooh - [2x]

[Verse 2]Some say I'm 7:30 in the M-730

Been smokin since I was 13

Been on my own since I was half of 30

I thought I ain't have to worry

Because I was always pretty

I find a dumb nigga gettin dough and do his pockets dirty

But see that wasn't workin

And I wasn't tryna work in

I got my own work in

I started puttin work in

Some say it ain't worth it
I say I ain't perfect
Matter of fact I'm sayin, doin the fuck I feel
I make people nervous
Who say I ain't bout it

I'm still from the projects
What you talkin bout bitch
I sets it on bounces
I don't think you understand son
You know how many clubs I been from
And I can careless
I'm so careless
I'm from the generation where we did shit because you dared us
I said I wish every breath I take didn't taste like drunk
And every sentence I say came out in a flow
I swear I wouldn't have to write or spend dough on smokes
Now thats crazy
[Hook]Crazy (Crazy)
Some times I'm crazy baby
Crazy (Crazy)
Ooh ooh
[Verse 3]Yo I'm crazy nigga
So don't play wit me nigga
Put ya head down when you talk
Watch what you say to me nigga
See I got goupin if I won
I can pay for you nigga
I'm the type let you pipe but I won't stay with you nigga
Leave you in telly on ya belly don't wanna lay with you nigga
Yea I say it's ya pussy but I always say that to niggas
See I'm really the business
This is goin into history
I just got my own company
I love it call me misery
I said I walk around the metal dectors
Who does that
Before I told them lean back
I told bitches to run that
And if they ain't show me where the ones and the funds at
More or less I was gunna show them how the guns clap
I pull a weed nigga and treat his stash like a fun pack
See you tryna do it to me I does that
Hold Up
Matta fact

I think the craziest shit I ever said is I wish I could bring Pun back [echo] back back

[Hook]Crazy (Crazy)

Some times I'm crazy baby

Crazy (Crazy)

Crazy [echo] crazy crazy crazy

Ooh ooh - [2x]
