Lovebite

Buddhistson

I've got a secret I gotta keep
No turning back I'm in too deep
I know it's so hard
'cause I shiver
I knew you were trouble from the moment we met
The look in your eyes pushed me over the edge
Can nothing save me
When love bites
And I can't stop and I won't stop
And I can't hold back
(chorus):
'cause love bites and there's nothing you can do
Like a lightning strike through me and you
It's obvious it's killing me
Your breaking me
When love bites there's no place left to go
I can't fight this feeling in my soul
It's obvious it's killing me
Destroying me
Never made a wish that ever came true

Never took a chance 'til I met you
I know it's so hard
'cause I shiver
Love can move in mysterious ways
Gets under your skin and won't go away
Can nothing save me
When love bites
And I can't stop and I won't stop
And I can't hold back
(repeat chorus)
How will I get through this
I need to know
'cause you're so out of bounds
Out of reach
To me
(repeat chorus)
