

# Future

## Paramore

I?m writin' the future, I?m writin' it out loud  
We don?t talk about the past  
We don?t talk about the past, no  
So I?m writin' the future, I?m leavin' a key, here  
Something won't always be missing  
You won?t always feel emptier

Just think of the future and think of your dreams  
You?ll get away from here, you?ll get away eventually  
So think of the future, think of a new life  
And don?t get lost in the memories  
Keep your eyes on the new prize
