

Show No Mercy

W.A.S.P.

I, I hear the mighty engines roar
And I unleash the savage dogs of war
Ooh, I'm the outlaw that rides White Anglo Saxon
A violent reaction
Fire is my fuel
Steel and iron rule Ride on wasteland
A madman's badland
Ride on wasteland
And I will survive to show no mercy I can feel the cycles as they turn
And I can smell the bodies as they burn
Ooh, the city's on fire White Anglo Saxon
A violent reaction
Fire is my fuel
Steel and iron rule Ride on wasteland
A madman's badland
Ride on wasteland
And I will survive to show no mercy Pain and hunger
All across then thunder
Life is for the biggest
It's survival of the fittest Ride on wasteland
(Show no mercy)
A madman's badland
(On you)
Ride on wasteland
(Show no mercy)
A madman's badland
(On you, on you, on you)
