

# Up All Night

## Dreamshade

We stay up all night  
Working hard and holding tight to make it.  
Don't you know what it's like?  
Don't you know? I feel it.  
I need to break away!  
Can't stay here.  
We're going crazy but  
do you believe what I'm saying? I'll get you out of here. Think about the time we've been spending side by side  
to make this.  
Don't you know how long we tried?  
Don't you know? I feel it.  
I need to break away!  
Can't stay here.  
We're going crazy but  
do you believe?  
Do you believe what I'm saying? I'll get you out of here. And when you feel dead tired  
remember I'm at your side.  
I know it's tough sometimes  
but in the end we'll make this right. I feel it.  
I need to break away!  
Can't stay here.  
We're going crazy but  
do you believe?  
Do you believe what I'm saying?  
I'll get you out of here.
