

Landslide

Smashing Pumpkins

I took my love and took it down
I climbed a mountain, I turned around
And I saw my reflection in the snow covered hills
'Til the landslide brought it down Mirror in the sky, what it is love?
Can the child within my heart rise above?
Can I sail through the changing ocean tides?
Can I handle the seasons of my life? Oh Well, I've been afraid of changing
'Cause I've built my life around you
Time makes you older even children get older
I'm getting older too I've been afraid of changing
'Cause I've built my life around you
Time makes you older even children get older
And I'm getting older too, I'm getting older too I took my love and took it down
I climbed a mountain, I turned around
And if you see my reflection in the snow covered hills
The landslide brought it down
The landslide brought it down
