

Baby Girl

Los Lonely Boys

I said come on chula
Baby give me all you got
Eso ruca
Darling don't you ever stop
Oh shake it uh huh
Mama drop it like it's hot
Come on touch me baby
Girl you really hit the spot Come on girl give me all your loving
I want all your kiss and huggin' yeah yeah I said venga chula, hechale mas y mas
Asina reina siempre me lo das
I said hold on baby bring your body close to me
Your honey so sweet
Sugar, move your hips for me yeah Come on girl give me all your loving
I want all your kiss and hugging Come on baby girl
I'ma rock your world
Come on baby girl
Come on, won't you dance with me?
Bebita, come on
Let your body move and rock
I said swing it oh yeah
Rock it all around the clock
I said come on baby
Feel the rhythm, feel the heat
Your feet start jumpin' and your heart starts pumpin'
Girl right here with me yeah Come on girl give me all your loving
I want all your kiss and hugging Come on baby girl
I'ma rock your world
I'll get down on my knees
And ask you baby please
Come and dance with me
And live your fantasy
We'll tear it down tonight
And move until the morning light Come on baby girl
I'ma rock your world
Come on baby girl
I wanna rock your world yeah, yeah, yeah
